Air Force Cadets visit Far East District at Osan AB

Seoul —

Cadets from the U.S. Air Force Academy and Air Force ROTC attending summer camp at Osan Air Base visited the U.S. Army Corps of Engineers, Far East District Central Resident Office May 17. Although cadets come to Osan annually during the summer, this year was the first time that they were able to visit FED. Bruce Kim, CRO Resident Engineer, briefed the cadets about the roles and responsibilities of USACE worldwide, especially here on the Korean peninsula.
